"data is my bread and butter."

Data Analyst / BI Developer with 10+ years turning operational data into reporting teams actually use. **Microsoft Certified in Fabric Analytics Engineer (DP-600), Power BI Data Analyst (PL-300), and MS Excel Expert.** Core stack: SQL, Fabric, Power BI, Tableau, Looker Studio, Excel VBA, Google Apps Script. Currently supporting UK operations at Serve First CX automating reporting cycles, cleaning CRM data, and building self-serve dashboards for cross-functional teams.

PROFESSIONAL EXPERIENCE

Data Operations Analyst **September 2023 – September 2026**
Serve First CX LTD UK *Remote (United Kingdom)*

- **Spearheaded the end-to-end data analytics function**, designing and deploying ETL pipelines that migrated legacy spreadsheet databases to a cloud-based BI environment
- **Build and maintain interactive dashboards in Power BI, Google Looker, and MS Excel**, transforming raw datasets into actionable KPIs and data-driven insights for clients and stakeholders
- Conducted data wrangling, validation, and **exploratory data analysis (EDA) using SQL queries** to ensure data integrity, producing weekly and monthly business intelligence reports with actionable recommendations
- Collaborated cross-functionally with UK-based teams using Jira and Kanban workflows to manage data pipelines, sprint deliverables, and reporting cadences across multiple client accounts

Marketing Data Analyst (Internal Transfer: Financial to Marketing Analytics) **October 2022 – August 2023**
Innovatial Inc. *Makati City, PH*

- Designed and deployed a VBA/Macro automation tool in MS Excel that **reduced data processing time from a full business day to under 2 hours**. (Removed manual workload by 75%)
- Led cross-functional transition from financial to marketing data analytics, rapidly onboarding new KPIs, metrics frameworks, and reporting structures to support the marketing department's data needs
- Performed data extraction, transformation, and validation across multiple data sources, ensuring data integrity and delivering actionable insights that supported marketing strategy and revenue growth

Data Analyst (Consultant) **September 2020 – October 2022**
Cellnet Cloud Technology LTD. *Freelance (Remote)*

- Leveraged data analytics to forecast business performance and identify fraud risks, directly uncovering a **$50,000 fraudulent activity** tied to an unconfigured API/back-office permission, preventing further financial loss
- Engineered a modular **VBA/Macro automation suite in MS Excel** that standardized data wrangling across multiple client datasets, slashing manual processing time and accelerating data pipeline delivery
- Provided technical support and service management for B2B clients and end-users via MS Teams and Atlassian Jira, ensuring data integrity and maintaining service continuity

CORE COMPETENCIES

- **Data Analytics & BI Tools:** Microsoft Fabric, SQL (PostgreSQL, MySQL), Power BI (Deneb/Vega-Lite), Tableau, Google Looker Studio, MS Excel (VBA/Macro), Google Sheets (Apps Script)
- **Project Management:** Jira, Kanban, Confluence, Loom, Asana, Slack, MS Teams, Skype, Zoom, Google Meet
- **Cloud & Database Platforms:** Cloud-based BI Integration, PostgreSQL, MySQL, Azure, AWS (Intermediate), pgAdmin
- **ETL & Data Management:** ETL Pipeline Development, Data Wrangling, Data Validation, Exploratory Data Analysis (EDA), Data Integrity Management, Database Administration
- **Additional Computer Pro Additional Tools:** Adobe Photoshop, Premiere Pro, Canva, Audition, Microsoft 365

PROFESSIONAL AFFILIATIONS

Scholar: Data Engineering Pinas | DataCamp Donates **datacamp.com**

- Data Engineering Pilipinas is a community for data engineers, data analysts, data scientists, developers, AI / ML engineers, and users of closed and open-source data tools and methods / techniques in the Philippines.

Member: Analytics Association of the Philippines **www.aap.ph**
Member ID: 6518226 *BGC Taguig, PH*

- Enabling organization formed to take the lead in driving the growth and evolution of Analytics and other Analytics-enabled fields and technologies in the Philippines.
- Providing member-only networking and events primarily focused on data analytic discipline

Scholar/Pioneering Member: DataSense Analytics **facebook.com/datasenseph/**

- A Start-up company that provides training and upskilling opportunities to Filipinos who are interested in shifting to digital careers, specifically in the field of data analytics.

CERTIFICATIONS AND PROFESSIONAL DEVELOPMENT

- **Microsoft Certified: Fabric Analytics Engineer:** B4OE8D-91B751
- **Microsoft Certified: Power BI Data Analyst:** 33ECB7-FBL195
- **Microsoft 365 Office Specialist: Excel Expert –** Verification ID: wAYhV-2Feb
- **Microsoft 365 Office Specialist: Excel Associate –** Verification ID: 5N4d-4wvV
- **DAXdakan Live #3 2025 –** Microsoft PH HQ, One Ayala, PH
- **DAXdakan Live #2 2024 –** Asian Institute of Management, Makati
- **Tech Trends: Cloud Computing (AWS Intermediate Session) –** DICT-PH
- **Intermediate Python –** DataCamp
- **Intermediate SQL –** DataCamp
- **Data Manipulation with pandas** — DataCamp
- **Introduction to AI Agents –** DataCamp
- **PowerBI Masterclass –** DataSense Analytics
- **MySQL Professional Masterclass** – DataSense Analytics

EDUCATION

Bachelor of Science in Computer Science *ub.edu.ph*
University of Batangas – Batangas City Campus *Hilltop Rd, Batangas City, PH*

Associate in Computer Technology *www.stadeline.education*
Datamex Computer College of St. Adeline *Recto Ave (University Belt), PH*
